

# Helmholtz Open Access Workshop „Open Access to Publications and Data in the Research Field ‚Energy‘ of the Helmholtz Association“

Karlsruhe, 24-25 May 2011

The [KIT Library](#) at the [Karlsruhe Institute of Technology \(KIT\)](#) and the Helmholtz Open Access Project are pleased to announce an internal workshop on „Open Access to Publications and Data in the Research Field ‚Energy‘ of the Helmholtz Association“. The workshop on 24-25 May 2011 will be open to staff members of the Helmholtz Association and to invited external speakers. The workshop will offer a platform for information exchange and a discussion forum on open access in the [research field Energy](#) of the Helmholtz Association. It is targeted at Helmholtz scientists who would like to learn more about open access to publications and research data and to experts from libraries and computing and data centres. In addition, all interested staff members of the Helmholtz Association are welcome. Registration for the workshop has closed. If you have any queries, please do not hesitate to contact us: [Dr. Claudia Kramer](#), KIT Library Phone (0721) 608-25803 Dr. Paul Schultze-Motel, Helmholtz Open Access Project Phone (0331) 288-1653 **Programme Place:** Lecture Room, 3rd Floor, Library, Campus South, Karlsruhe Institute of Technology (KIT), [Straße am Forum 2, 76131 Karlsruhe](#) **Date:** 24-25 May 2011
